INDEPENDENT AUDITORS' REPORT

To the Stockholders of
Money Concepts Capital Corp.
11440 North Jog Road
Palm Beach Gardens, FL 33418

We have audited the accompanying statement of financial condition of Money Concepts Capital Corp. (the Company) as of **December 31, 2015**. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

We conducted our audit in accordance with the standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Money Concepts Capital Corp. as of **December 31, 2015** in conformity with accounting principles generally accepted in the United States.

The accompanying notes are an integral part of this statement.

Money Concepts Capital Corp.
(A Wholly Owned Subsidiary of Money Concepts International, Inc.)
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2015 AND 2014

1. Nature of operations

Money Concepts Capital Corp. (The "Company") is a broker-dealer and registered investment advisor registered with the Securities and Exchange Commission (the "SEC") and is a member firm of the Financial Industry Regulatory Authority. The Company is a wholly owned subsidiary of World Investment Network, Inc. (the "Parent").

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k)(2)(ii). Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer.

2. Summary of Significant Accounting Policies

Basis of presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the amounts of revenue and expenses.

Revenue and expense recognition

Commission income and expense from customer transactions are recorded on a trade-date basis. Fee income from investment advisory services is recorded as earned.

Cash

All cash deposits are held at one financial institution and therefore are subject to the credit risk at that institution. At times the cash deposits may exceed federally insured limits. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Income taxes

The Company files consolidated federal and state income tax returns with the Parent. The Company calculates income tax expense or benefit, and settles the current amount payable to or receivable from the parent as if it files a separate tax return.

The Company utilizes the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of temporary differences by applying enacted statutory tax rates applicable to future years for differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in the period that includes enactment date.

Money Concepts Capital Corp.

(A Wholly Owned Subsidiary of Money Concepts International, Inc.)

NOTES TO STATEMENT OF FINANCIAL CONDITION

DECEMBER 31, 2015 AND 2014

3. Income taxes

As of December 31, 2015 and 2014, the deferred tax asset resulted primarily from timing differences between book and tax. The tax effects of these differences at December 31, 2015 and 2014 were as follows:

	2015	2014
Deferred revenue	\$ 209,738	\$ 207,901
Accrued expenses	81,671	47,624
	291,409	255,525
Less valuation allowances	-	-
Net deferred tax asset	\$ 291,409	\$ 255,525

In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Based upon the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that the Company will realize the benefits of these deductible differences.

At December 31, 2015 and 2014, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Parent remains subject to U.S. federal and state income tax audits for all periods subsequent to 2012.

4. Commitments and contingencies

The Company, in the normal course of business, is party to various legal actions. Management believes that the potential exposure, if any, from these matters would not have a material adverse effect on the Company's financial position, results of operations, or liquidity.

5. Credit risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of customers, banks, brokers and dealers and other financial institutions. The Company introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2015 AND 2014

6. Concentration

A portion of the Company's assets are held at the clearing broker. The Company is subject to credit risk should the clearing broker be unable to fulfill its obligations. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customers' activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

7. Regulatory requirements

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015 and 2014, the Company had net capital of \$4,772,735 and \$4,681,744, respectively, which was \$4,533,903 and \$4,396,297, respectively in excess of its required net capital of \$238,832 and \$285,447, respectively. The Company's net capital ratio was .75:1 and .91:1, respectively.
